

Private guided tours at Ribera del Duero

For those who like to enjoy the history and the landscapes at Ribera del Duero and Burgos, I offer my services as a private guide in the languages English and German. I can help you finding the most interesting places, wineries, restaurants and hotels in this area.

To the wine tourism enthusiast, **Aranda** offers a variety of interesting activities: you can visit its most emblematic monuments such as the façades of the Santa María and San Juan churches and the wine world at the Interpretation Centre for Wine Architecture (CIAVIN).

Other places and towns you can't miss are: **Peñaranda, Peñafiel, Monastery of la Vid, Lerma, Caleruega, Monastery of Silos, Covarrubias** and of course the capital of the province: **Burgos** with its Gothic Cathedral and its Monuments well known all round the world.

I can help you discovering the **underground cellars in Aranda** de Duero, excavated beneath the houses in the historical quarter, where you can enjoy a wine tasting or even an exclusive show of a magician in the historical cellar of el Romellón. (<http://bodegaelromellon.1minutefree.es>)
